# Big thank you to ÖBB

For giving us this fantastic space for free.

On top of that, for also inviting us for lunch.

For just being the nicest hosts we could have wished for.

# Why this conference?

Provide a space for connection and exchange

- … between different actors
- … between different local communities
- … between different projects/initiatives

# What is an unconference?

Less focus on talks, more focus on **exchange and discussion**

We create the schedule together (see later slides)

**From the community for the community.** Let's all help out in making a great conference happen. Be proactive, contribute, come to us with any ideas / issues, clean up after yourself, put dishes in dishwasher.

# Code of conduct (printouts on the wall, please read)

We are dedicated to providing an enjoyable event experience for everyone. As a Community, we value and respect all people, regardless of gender identity, sexual orientation, race, ability, shape, size or preferred mode of transportation. We will not tolerate vilification, abuse or harassment in any form.

We appreciate that cultural differences may cause misunderstandings, so we will try to clarify these and smooth misunderstandings as they arise. We expect people to be both polite and proactive, and to make an effort to ensure a pleasant event experience for everyone.

Participants behaving in ways that run counter to these principles risk being denied entrance or expelled from the event at the discretion of the event organizers.

Harassment includes offensive verbal comments related to gender, sexual orientation, disability, physical appearance, body size, race, religion, sexual images in public spaces, deliberate intimidation, stalking, following, unauthorized or inappropriate photography or recording, sustained disruption of talks or other events, inappropriate physical contact, and unwelcome sexual attention. Participants asked to stop any harassing behaviour are expected to comply immediately.

If a participant engages in harassing behaviour, the event organizers may take any action they deem appropriate, including expelling the offender from the event. If you are being harassed, notice that someone else is being harassed, or have any other concerns, please contact a member of the event team immediately.

We expect participants to follow these rules at all event venues and event-related social events. We are committed to a fun and productive event for all attendees, and believe that this policy will help achieve that goal.

We ask for the cooperation of all attendees in achieving this goal. Thank you.

## Reaching the awareness team: see info on the printouts

# Photos / social media

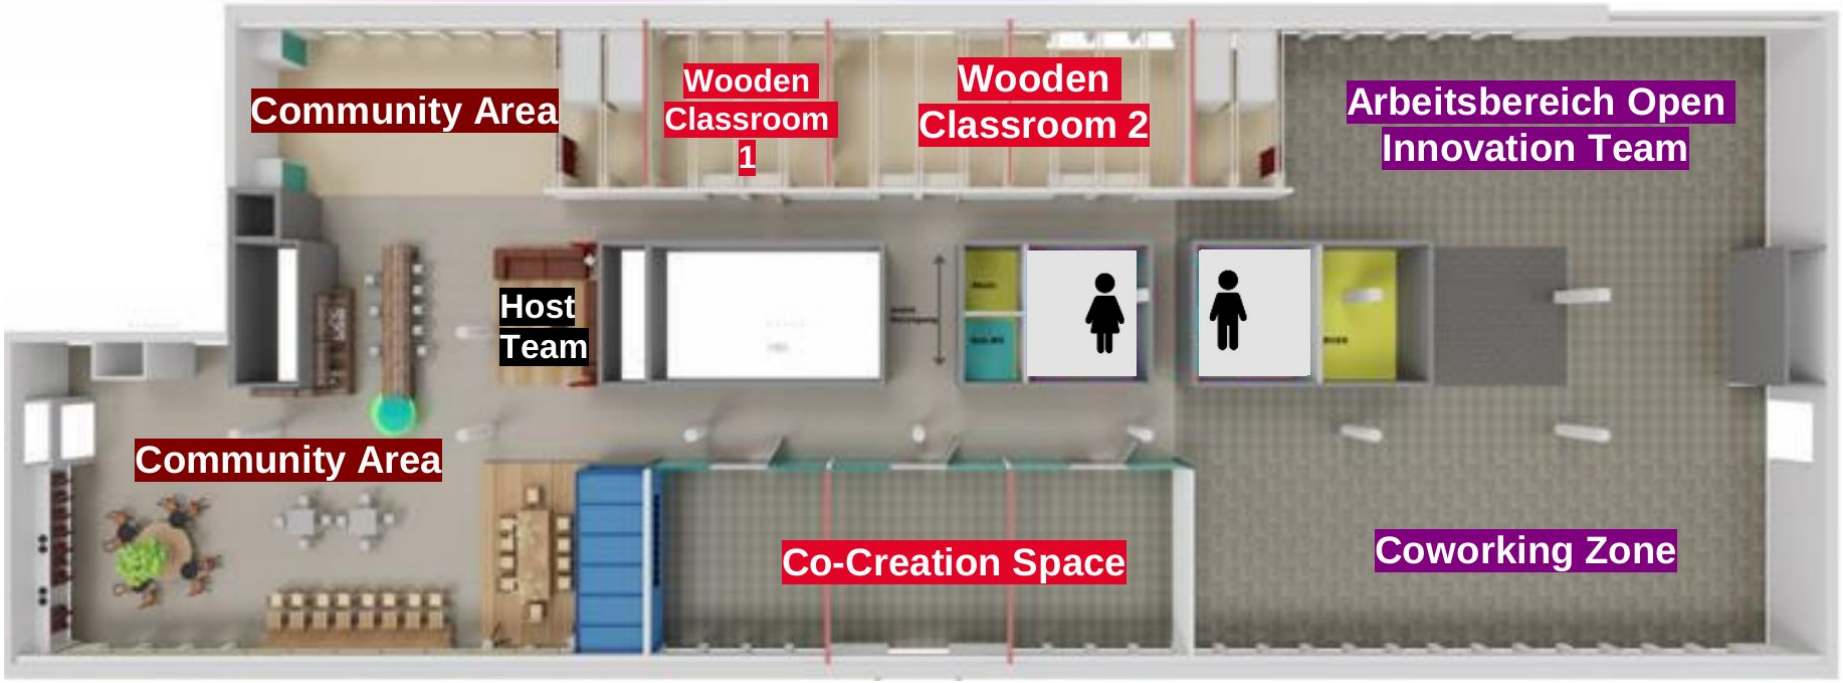

Add a orange-red sticker to your nametag if you don’t want to get photographed.

Respect people that don’t want to get photographed.

# Lightning talks

1 session today, 1 session tomorrow

each session = 6 talks, 5 minutes each

sign up on whiteboard in community area - first come first serve

# Creating the session schedule

# How it works

1. Session proposals (45 min): you have 1 minute, tell us about your session idea

   We'll write it down, pin it up, try to do a first grouping. If two session ideas are very similar, we might ask you to find a common ground.

2. Scheduling (30 min): we try to fill these into our session schedule

   So that sessions with similar topics are not in parallel, room sizes are appropriate, …

Fingers crossed this works out, we haven't done this before either ¯_(ツ)_/¯

# What could a session look like?

- Group discussion
- Impromptu panel
- Just getting to know people interested in the same topic
- Presentation(s)
- Demo(s)
- Sketching something out together
- Break-out into groups and get back together at the end

*based on https://devonzuegel.com/post/the-unconference-toolbox.html#formats*

# Session proposals

**What** is the topic of the session?

**Why** should we talk about it?

**How** will we do it? *(discussion, panel, presentation, demo, sketching sth, ....)*

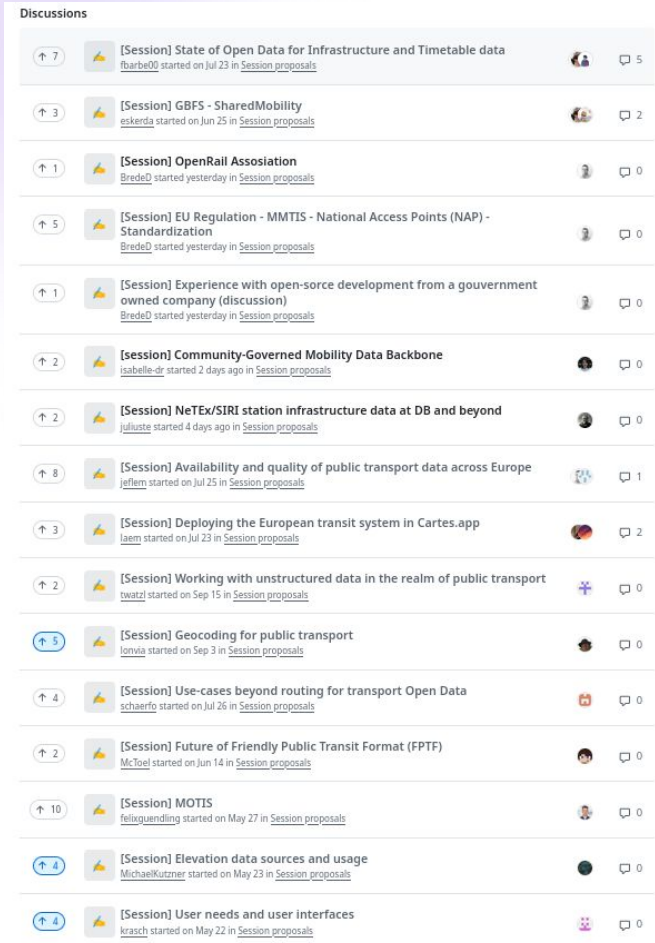

Optional: desired outcome, audience level, your availability

Be specific, but not too niche.

You have **1 minute**. GO!
